# A-ONE SR. SECONDARY SCHOOL

NURSERY TO XII SCIENCE & COMMERCE

Affiliated to RBSE (English Medium)

*Future begins here...*

# FROM DIRECTOR'S DESK

Our School is situated in the heart of the city at Ayad on University Road, Udaipur & is run by Kanhaiya Sewa Sansthan. established in the year 1998; the school aims at all round development of children and is now one of the shining stars in the galaxy of educational institutions.

The school is first and foremost a strong community, which is reflected in the excellent academic performance of its students. We aim to develop a culture in which every student is encouraged to think independently, to take intellectual risks and to extend himself/herself beyond his/her comfort zone and expectations.

We realize that developing skills and academic results are of utmost importance but with the changing times there is also a need to develop skills in risk taking, determining a sense of purpose and inclination for hard work.

We teach our young minds that failure is the key to success and each mistake teaches us something. We encourage children to learn from their experience. It is an essential part of their education.

**Dr. M.L. Changwal**  
*M.Sc. B.Ed., Ph. D., Director*

*Making them  
capable of choosing  
the right from wrong*

*Empowering  
each student  
to achieve  
success in life*

**Vision  
&  
Wisdom**

*Our vision  
for our scholars  
is*

*Building  
Self-discipline,  
Self-Confidence  
and  
Self Belief*

# MISSION

Our main concern and primary goal is to create confidence & groom gracious and morally upright individuals who will make positive contribution to the society by imparting them skills and inculcating values in them. In this backdrop the institutions' aims are:-

- To create genuine interest for school education through play way & audio visual modes i.e. Smart class.
- To train them for expressing themselves effectively.
- To give inclusive education to children.
- To impart education through English medium
- In the primary education, we give importance to 4H (Head, Heart, Hand, Health).
- To give personal attention to each & every child in class.
- To create and provide home like environment.
- To encourage & initiate creativity.
- To inculcate a sense of responsibility, discipline, integrity & cleanliness.
- To further empower students to learn adjustment, through interaction, sharing, participation and co-operation.

## CREATIVITY IS WORSHIP

- Children are encouraged to do things with their own hands. We let them experiment.
- A budding mind is always keen to learn more and more...
- Encouraging clear thinking and indiscrimination
- Every child has a potential to see things differently and we make them believe that

## Facilities provided by us:

### Smart Classes

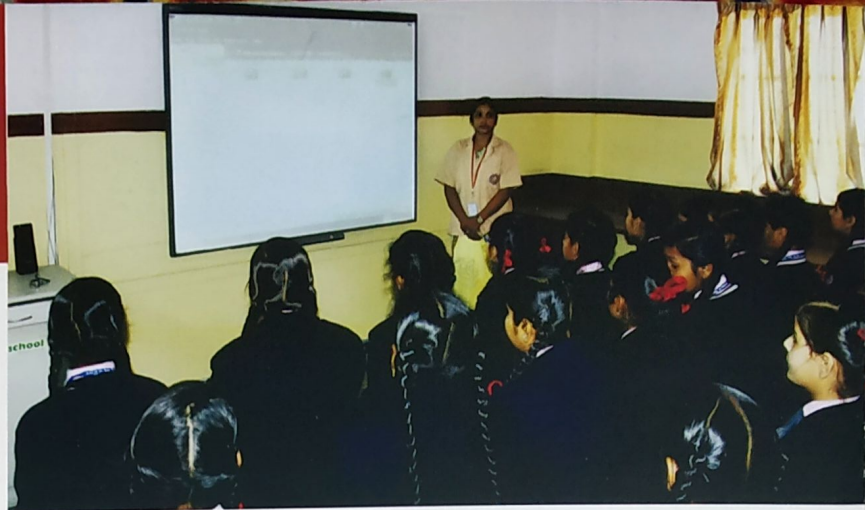

The effective education technologies are used to give an altogether new and exciting experience to learn through watching and learning the subjects with the help of videos related to the content of the syllabus.

**Spacious library** and reading room where students take full advantage of print media and enhance their knowledge.

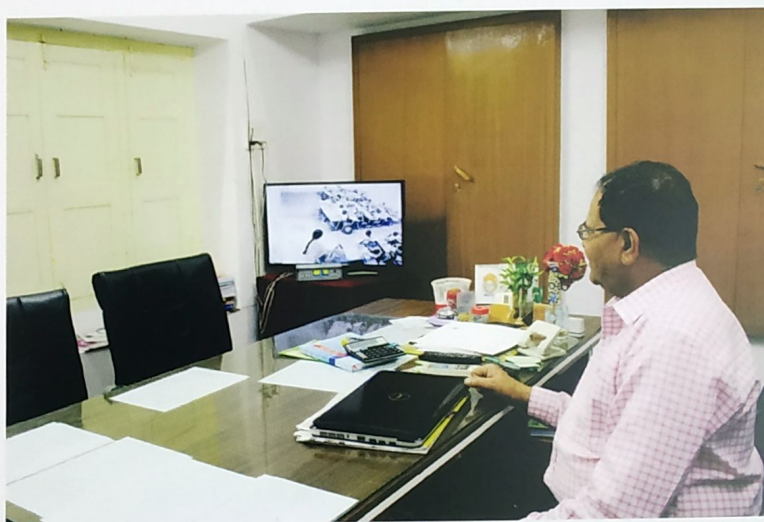

**Motivational and cultural seminars** are conducted by experts and educationists from time to time for proper growth of students.

### Experienced and devoted Teachers

We, as a team aim to achieve excellence in education by:

1. Continually working hard to improve upon the performance of students.
2. Always striving to identify and meet the expectations of students and parents through regular feedback.

Whole School campus, classrooms are under **CCTV surveillance** and supervision of management.

### Well equipped Physics, Chemistry, Biology & Computer Laboratories

## Outside Visits

**Co-curricular activities are integral part of our curriculum. These activities are conducted where latent talents of children are drawn out.**

# Educational Tours

We at A-One Sr. Sec. School believe in overall development and not just academic strength. We want our students to stand out from the rest and hence, from time to time we conduct educational tours, in which students are given an opportunity to see the outside world and they are exposed to different cultures. We had 2 great educational tours in this academic year. The first was to Jaisalmer and the second one was all the way to Goa. The pupils enjoyed their time-off from studies to a great extent.

# Sports @ A-One

## The Annual Day *Umang* 2018

## INDIRA PRIYADARSHINI AWARD

Indira Priyadarshini Award under which girls who score the highest in their district in classes 10 and 12 of the Rajasthan Board of Secondary Education are given 75,000/- cash award.
